

How do our take-away kits work?

CHOOSING YOUR POTTERY!

You'll find all the pottery options under the 'Paint-your-own Pottery' section of our website. We have an extensive range to choose from so this is usually the hardest part!

GET IN TOUCH WITH US

Send us a message – either via email or via our socials to book your kit. Let us know what pottery you would like to paint and when you would like to collect your kit from our Kenilworth studio.

PAYMENT

We'll need your full name, email address and mobile number so that we can send you an invoice for payment ahead of collection.

COLLECTION FROM OUR STUDIO

We have a collection shed outside of our Kenilworth studio and put your kit in here from 10am on the arranged collection day. You can come anytime after 10am and we will send you address details once you are booked in.

RETURNS

We encourage kit returns within two weeks. Once you have finished painting, you just return your kit and pottery to our collection shed. We will then take it into the studio for glazing and firing. Our turnaround time is approx two weeks.

COLLECTING YOUR FINISHED POTTERY!

As soon as your pottery is out of the kiln and wrapped and ready for you, we'll drop you a message to arrange collection from the shed.
